Deafness Cannot be Cured

by local application, they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it is like a closed curtain, and shuts out the sound, and the hearing is lost. Unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be lost forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for each case of Deafness cured by Catarrh, that cannot be cured by other means. Send for circulars free. P. H. THREKELD, C. O., Toledo, O.

An Interesting Document.

Hickman Lodge 761 F. & A. M. received a document this week which is highly prized by all members of the fraternity. The relic is a facsimile of the records of the Masonic lodge at Fredericksburg, Va., containing the facts in connection with the passing and raising of George Washington in Masonry at that place, which occurred on Sept. 1, 1733. While the record is brown with age and is worse for so much wear, it is still legible and gives the names of all officers, members and visitors present on this occasion.

It is also noticeable that even though a century and a half has elapsed since then—a new republic born and this illustrious man enshrined in the hearts of many generations many of whom like Washington has returned to dust again—the proceedings of that day are identical with those of today. The handwriting of the secretary (Daniel Campbell,) as might be expected, is unlike that of the present age, as is also the spelling. But otherwise there is no change.

It might be of interest to the reader to know, too, that there has been no perceptible change in this venerable order in 4,000 years, and that the record of Washington's initiation is comparatively modern when some of the records are taken into consideration. Of course, the Hickman lodge is proud of this acquisition, not for its age, but the fact that it deals with the "Father of Our Country."

Ancient Rome

is now merely a memory of the past but the old Roman Empire is the family monument of the twentieth century. A positive cure for Rheumatism, Burns, Cuts, Sprains, Neuritis, etc. Mr. C. H. Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes, Oct. 27, 1901:

"During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard Snow Liniment to my greatest satisfaction.

Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 5c, 10c and \$1.00.
